Information on the rectification of the texts for the United Nations Framework Convention on Climate Change

It will be recalled that the Committee, at the time of the adoption of the Convention at the second part of its fifth session, "requested the secretariat, under the supervision of Vice-Chairman Estrada-Oyuela, to ensure ... the linguistic consistency of the texts of the Convention in its six languages, with a view if necessary to their rectification in accordance with the rules and procedures set forth in the Vienna Convention on the Law of Treaties. It was understood that Vice-Chairman Estrada-Oyuela would consult, as necessary, with delegations in this work" (A/AC.237/18 (Part II), paragraph 27).

Under the guidance of Mr. Estrada-Oyuela, and taking into account proposals made by delegations, the secretariat drew up a list of rectifications to the language texts of the Convention and submitted it to the United Nations Office of Legal Affairs.

The Depositary notification with regard to the rectification of the text of the United Nations Framework Convention on Climate Change was issued on 19 February 1993. If no objection is received within 90 days from the date of issuance, that is no later than 20 May 1993, the Depositary will effect the rectifications in the original texts of the Convention and in certified true copies.
